## **WINTER IS COMING!**

Please tend to the shrubs and summer overgrowth that impede our roadways to help our snow-plow contractor clear our roads. Thank you for your cooperation.

Aaron S. Cioppa  
*Vice President | Acting President*

As the summer slowly comes to a close, our efforts to repair the storm damage from Hurricane Ida have not! Tremendous progress has been made at Beach 2 and the path leading down to it. I personally would like to thank everyone who donated time and materials to the project. What a beautiful job!

In other good news, we are in the process of receiving a very large donation: 150 tons of Item 4 has been promised to Shore Haven by Peckham Industries out of Patterson. The trucking from there to us is being donated by Schmitt Bros. Excavating and R.F. Brill Excavating. Special thanks to Pawling Town Supervisor James Schmitt and Highway Superintendent Bobby Brill for taking time out of their already busy schedules to deliver this material to us.

Now the best part: With the help of our GoFundMe page and the money we saved by not regrading our roads, rebuilding our bridge is in our very near future!

Unfortunately there is also some disappointing news to report. There has been some vandalism as well as reports of broken decorative rocks that were donated to Beach 2. In addition some street signs were stolen which are in the process of being replaced. We ask anyone witnessing suspicious behavior to please report it to the Dutchess County Sheriff's Department. Please don't take any matters into your own hands. Feel free to contact any Board members as well.

Our next meeting is August 20th at 5pm at the HWLCA on Route 292. Topics to be discussed include Elections (President, Secretary and Board Member). Anyone interested in running please contact Board Member Brett Mitton. Also, we will discuss budget expectations; vote on an annual budget; Shore Haven's role in a total Whaley Lake effort to join NYSFOLA (dedicated to the protection and restoration of New York lakes); – and so much more.
